## About our Total Wellness Plan

We all know pets need special care and attention throughout their lives, but sometimes life can get hectic!

We've designed our Total Wellness Plan to make sure your pet receives convenient, affordable and tailored prevention and treatment throughout the year. Giving your pet optimum, necessary and affordable care means we can help you ensure health issues don't become serious problems.

## What's involved?

Each year you organise a range of healthcare and wellness products and services for your pet – so we've created a Wellness Plan that incorporates everything your pet will need in a year into two easy packages.

Your pet will have access to not only preventative treatments, but also health services, wellness products and special VIP only deals.

## How much does it cost?

The annual cost of the Total Wellness Plan represents amazing value for year round preventative health care and services! Plans start at as little as \$5.48 per week!
